Re: Fire Training Report for 2016

Alnwick/Haldimand Fire Rescue completed various in-house training throughout the year, some include the following:

- Fit Testing for SCBA's
- First Aid Training & Defib Recertification
- Various cross training with Cramahe Fire Department
- Auto Extrication
- Forest Fire Training
- WHMIS

Alnwick/Haldimand Fire Rescue also does extra training in Ice/Water Rescue and Water Rescue, Stations #1 & #2 train in Land based rescue, while Stations #2 & #3 has training in the Go Method on Rice Lake. Alnwick/Haldimand Fire Rescue also have training on All Terrain Vehicles throughout the year. Continuous training in Auto Extrication and various training with neighbouring fire departments.

A Training Committee was established in 2016, which meets monthly to set training goals throughout the year.

Special training was completed at the Material Recycling Facility in Grafton which captured various scenarios of suppression, rescue, and medical response. Also, specialized training in search and rescue was completed at the Roseneath Agricultural Society barns.

If you have any further questions, please contact the undersigned.

Yours truly,

Allan Sheppard,
Deputy Fire Chief
Alnwick/Haldimand Fire Rescue
